

# SUPPER STEP-BY-STEP

## Frozen to Plate: Serve a Delicious Dish in Just a Few Easy Steps

Welcome to SUPPER! We've designed the process to be as simple as possible, allowing you to follow the same easy steps for every dish—making it super convenient. Here's a step-by-step guide to walk you through:

1. **Preparation:**

Take the meal(s) out of the freezer and remove the banderol.

2. **Component Preparation:**

Prick one hole in each component of the meal.

3. **Microwave Preparation:**

Place each component in the middle of the microwave.

Start the appropriate program; refer to the instruction card.

**Note:** *Ensure only dishes with the same program are heated simultaneously using the X2 function.*

4. **Out of the Microwave:**

Retrieve the dishes from the microwave when the program is completed.

5. **Plating:**

Once the entire order is heated, begin plating.

Always follow the steps on the instruction card and refer to the image for desired presentation.

**Note:** *Keep the seal of the packaging closed until the entire order is ready to maintain the dish's warmth.*

6. **Finishing Touch:**

Complete the dish by adding fresh and crunchy toppings.
